Bibliostar 2027 General Regulations

Stelline Conference · Milan · 16 and 17 March 2027
Version of 2 November 2026

Art. 1 – Definitions

The “Event” is Bibliostar, the exhibition area connected to the Stelline Conference, held in Milan on 16 and 17 March 2027. The “Regulations” set out the general terms and conditions of participation. The “Organiser” is Argentovivo srl, Via Lesmi 6, 20123 Milan, VAT No. 11358080155.

The “Partner”, also referred to as the “Exhibitor”, is the party whose application has been accepted. A “Guest Exhibitor” takes part subject to approval and payment of the fee, sharing the Partner’s Equipped Workstation Area without a separate space of its own.

The “Equipped Workstation Area” is the space, with the equipment agreed in the application or in the individual proposal, located in Piazza Città di Lombardia, in a covered, non-air-conditioned outdoor area, unless a different location is agreed in writing. Communications “in writing” may be made by email to the addresses given in the application, except where the Regulations require certified email (PEC).

Art. 2 – Admission

Admission is open to parties whose activities, products or services relate to libraries, publishing, information and culture or are consistent with the aims of the Event. The Organiser assesses applications on the basis of such consistency, the availability of space and organisational and safety requirements. Any rejection is reasoned in writing, and any sums paid are refunded within 30 days.

Art. 3 – Application and payment

The completed and signed application must be sent to bibliostar@argentovivo.it together with proof of payment of a deposit of 50% of the total amount payable shown in the application (“SUM TO PAY”), including stamp duty. Any discounts are subject to the conditions and deadlines set out in the application. The contract is concluded upon receipt of the Organiser’s written confirmation.

The balance is due by 12 January 2027 or, for applications accepted after that date, by the deadline stated in the confirmation and in any case before access. If the balance is not paid, the Organiser sets a deadline in writing, giving notice that access to the Equipped Workstation Area and any services still to be provided are suspended until payment is made; the suspension does not in itself terminate the contract. Late payment interest under Legislative Decree 231/2002 accrues on any delay.

Submission of the application entails acceptance of the Regulations and of the operating instructions provided for in Art. 19.

Art. 4 – Allocation of and changes to the Equipped Workstation Area

The Organiser allocates spaces according to the package purchased, the applicable priorities and technical, organisational and safety requirements; the location is guaranteed only by the written confirmation. Where there are justified reasons, the Organiser may change the location or fit-out, giving prompt written notice and offering a substantially equivalent solution, without this giving rise to any right to reductions, refunds or compensation. If an equivalent solution is not possible, the solution and any financial adjustment must be agreed in writing; failing such agreement, Art. 13 applies.

Art. 5 – Withdrawal

The Partner may withdraw by notice sent by certified email (PEC) to argentovivo@pec.argentovivo.it or, if it has no PEC address, by registered letter with return receipt; the date of delivery is authoritative. By way of derogation

from Art. 1373, third paragraph, of the Italian Civil Code, the withdrawal takes effect upon receipt even if the amount due has not yet been paid.

For withdrawals received by 12 January 2027, 50% of the fee remains due, and any excess paid is refunded within 30 days; after that date, the full fee remains due, with the remaining balance payable within 15 days of the request. These amounts constitute the consideration for withdrawal and are not cumulative with penalties or damages. Withdrawal also ends the participation of any associated Guest Exhibitors. This article does not apply to breach by the Organiser or to the cases governed by Arts. 4 and 13.

Art. 6 – Set-up, access and materials

Set-up is permitted on 16 March 2027 from 8.00 a.m., unless otherwise instructed in writing. Furniture, equipment and customisation beyond what has been agreed require written authorisation, and the related costs must be accepted before the work is carried out. Any permits required from the host institution and the authorities must still be obtained.

Access to Palazzo Lombardia and Piazza Città di Lombardia is subject to accreditation, security checks and the requirements of the host institution, which the Partner and Guest Exhibitors pass on to their staff and suppliers. The exhibitor badge gives access to the exhibition areas; admission to the Conference sessions depends on the package purchased and requires the names of attendees to be submitted by 1 March 2027, after which requests are accepted subject to the availability of seats.

Materials and equipment must be compatible with the space, the electrical supply and safety requirements, and must not obstruct passageways, common areas or escape routes. The cost of repairing damage attributable to the Partner is charged with supporting documentation.

Art. 7 – Shipments and deliveries

Deliveries to and collections from the Event venue, and shipments to Argentovivo srl, Via Lesmi 6, 20123 Milan, are permitted only with prior written agreement on the number, dimensions and weight of packages, timing, costs, transfer to the Equipped Workstation Area and collection of leftover materials. No storage facility is available unless otherwise agreed. Each package must be properly packed and must show the sender, the Event and, if known, the Equipped Workstation Area; hazardous materials require prior authorisation.

Deliveries that have not been agreed or that do not conform may be refused, with only reasonable, documented costs attributable to the sender being charged. The Organiser handles materials received with due diligence, without prejudice to the carrier’s liability.

Art. 8 – Staffing, dismantling and return of the Equipped Workstation Area

The Partner ensures, including through the Guest Exhibitors, that the Equipped Workstation Area is staffed during opening hours; brief absences do not constitute abandonment. Leaving early and dismantling before closing time require written authorisation, except in emergencies, which must be reported as soon as possible; an interruption by the Partner’s own choice gives no right to refunds.

Dismantling begins after the Event closes to the public on 17 March 2027 and must be completed by 7.00 p.m., unless otherwise agreed in writing. The Partner returns the entire Equipped Workstation Area clear of people, goods and waste, including those of the Guest Exhibitors, in its original condition, save for normal wear and tear.

In the event of delay or abandonment attributable to the Partner, the Organiser may remove the materials, with prior notice where possible, charging the reasonable and documented costs of removal, transport and storage and communicating the arrangements for collection; the goods do not thereby become the property of the Organiser. For late return of the Equipped Workstation Area, a penalty of €250.00 is payable for each hour or part thereof after 7.00 p.m., up to a maximum of €1,000.00, without prejudice to compensation for proven further damage and without duplication.

Art. 9 – Custody, liability and insurance

The Partner and Guest Exhibitors are responsible for the safekeeping of their own goods throughout the Event. Any general surveillance does not constitute individual custody and, unless agreed in writing, the Organiser does not take into deposit goods left at the Equipped Workstation Area; it is recommended that valuables be removed overnight. The Organiser is not liable for theft, loss or damage not attributable to its own breach or to acts attributable to itself or to persons acting on its behalf.

The Partner is liable in accordance with the law for damage attributable to itself or to the persons it engages; for Guest Exhibitors, Art. 16 applies. Damage and hazards must be reported promptly, and any charges must be justified and documented.

Third-party liability insurance and cover for theft, fire and damage to property are recommended, including during set-up, dismantling and overnight. Any cover required by the host institution is communicated before the application is submitted. The absence of insurance does not alter the allocation of liability.

Art. 10 – Catalogue

An entry in the catalogue is included in the fees. Details and a description of the activities, of no more than 400 characters including spaces, must be sent to bibliostar@argentovivo.it by 26 February 2027. Each party is responsible for the accuracy of the data and for holding the rights to the materials supplied, and authorises their use in the catalogue and the Event's information tools; only contact details intended for publication should be provided.

Editorial adjustments that do not substantially alter the content are permitted. Failure to submit, or late or non-compliant submission, may result in a shortened entry or omission, without refund if attributable to the party concerned. The Organiser is not liable for errors in materials received and correctly reproduced; errors attributable to the Organiser are corrected in the digital version, where provided, and in any reprints.

Art. 11 – Filming, trademark and intellectual property

The Organiser may film and photograph spaces and activities in order to document and promote the Event; the Partner and Guest Exhibitors authorise, free of charge, the filming and photographing of their Equipped Workstation Areas and exhibited materials for the Event's website, social media and communications, excluding uses unrelated to the Event and transfer to third parties. For identifiable persons, the Organiser provides the privacy notice and obtains the authorisations required by Art. 10 of the Italian Civil Code, Arts. 96 and 97 of Law 633/1941 and Art. 18.

Admitted participants may use the official trademark and kit free of charge, without modification, to communicate their participation in the 2027 edition. The authorisation is non-exclusive and non-transferable and ends upon withdrawal, exclusion or termination; misleading uses are prohibited.

Each party respects copyright and industrial property rights (Law 633/1941 and Legislative Decree 30/2005) and holds the necessary authorisations for whatever it exhibits, distributes or broadcasts. The Organiser does not acquire ownership of the materials received and uses them only within the limits authorised.

Art. 12 – Opening hours

The Event is open to the public on Tuesday 16 and Wednesday 17 March 2027, from 9.00 a.m. to 6.00 p.m.; the Partner and Guest Exhibitors have access from 8.00 a.m. Where there are justified reasons, the Organiser may make limited changes to the opening hours, communicated promptly, which give no right to refunds if they do not substantially affect the duration and services; in all other cases, Art. 13 applies.

Art. 13 – Postponement, cancellation and external events

If events not attributable to the Organiser and not avoidable with ordinary diligence, or measures taken by the authorities, prevent the Event from taking place on the scheduled dates or safely, the Event may be postponed, reduced, suspended or cancelled, with prompt written notice of the reasons and the alternatives.

In the event of postponement, within 15 days of the proposal of the new date the Partner may either confirm its participation, with the sums paid being carried over, or terminate the contract for the services not yet performed, with a refund; if no confirmation is given, the contract is deemed terminated. In the event of cancellation, the sums paid for services not performed are refunded, without deduction of overheads; separate services already performed are accounted for at the agreed values. In the event of partial impossibility, a proportional reduction applies, without prejudice to the right of withdrawal under Art. 1464 of the Italian Civil Code. Refunds are made within 30 days, with a statement of account.

A constant temperature cannot be guaranteed in the non-air-conditioned outdoor area. Adverse weather conditions, temperatures, wind or interruptions of public services beyond the Organiser's control give no right to reductions, refunds or compensation if spaces and services remain substantially usable in safety; the Organiser takes the measures that are reasonably necessary.

Art. 14 – Attendance

No minimum number of visitors, contacts or commercial results is guaranteed; figures from previous editions are provided for information only. Results below expectations give no right to reductions, refunds or compensation, without prejudice to the spaces, services and promotion expressly agreed.

Art. 15 – Safety and prohibitions

The Partner and Guest Exhibitors comply with the applicable regulations, including those on occupational health and safety, fire prevention, health, copyright and public safety, and with the requirements of the host institution and the Organiser. Before the Event begins, the Organiser provides information on risks and emergencies; the cooperation and coordination obligations under Legislative Decree 81/2008 and, where applicable, the Interministerial Decree of 22 July 2014 fall on the parties bound by them according to their respective roles. Any party entrusting the set-up to third parties verifies their technical and professional suitability. For protected content, each party fulfils its obligations towards SIAE or other collective management organisations.

The following are prohibited: a) obstructing common areas, other exhibitors' spaces, escape routes and safety equipment; b) advertising and distribution outside the Equipped Workstation Area without authorisation, except for activities purchased; c) performances, demonstrations and sound that cause interference, without authorisation; d) filming in the conference rooms or promotional filming in common areas without authorisation, and filming in which other exhibitors' products and Equipped Workstation Areas are recognisable without their consent; e) unlawful, misleading or dangerous activities or activities that prevent others from carrying out their own. The Organiser's authorisations do not replace the permits of the host institution or the rights of third parties.

Art. 16 – Guest Exhibitors

Guest Exhibitors must be named in the application, must be accepted and are subject to the relevant fee. The Partner forwards the Regulations and the instructions to them and obtains their acceptance before access, including the specific approvals.

Each Guest Exhibitor is responsible for its own activities and goods. The Partner remains liable for payment of their fees, unless otherwise agreed in writing, and for the return of the entire Equipped Workstation Area; it is liable for their acts in accordance with the law and the obligations it has undertaken. Notices of breach addressed to a Guest Exhibitor are also sent to the Partner and are governed by Arts. 15 and 17.

Art. 17 – Notices of breach, measures and termination

The Organiser gives written notice of any breach, indicating the remedies and, where the breach can be remedied, a reasonable deadline. Where there is a danger to persons or property, or activities that prevent the Event from running properly, the Organiser may order the immediate interruption of the activity and the temporary restriction of access to the Equipped Workstation Area, to a proportionate extent and for as long as necessary.

For material breaches, the Organiser may serve formal notice to perform within no less than 15 days pursuant to Art. 1454 of the Italian Civil Code. Pursuant to Art. 1456 of the Italian Civil Code, it may also terminate the contract by written declaration if the Partner: a) continues an activity after being ordered to stop it because of danger; b) fails, after being requested to do so, to remove obstructions from escape routes or emergency equipment; c) transfers the Equipped Workstation Area to unauthorised parties.

After termination, the Partner and any associated Guest Exhibitors cease their activities and vacate the Equipped Workstation Area in accordance with the instructions received. The financial consequences take into account the services performed and the damage proven, without duplication and without automatic forfeiture of all sums paid; the vacated spaces may be reallocated. The Partner's legal remedies remain unaffected.

Art. 18 – Personal data

The data controller is Argentovivo srl, Via Lesmi 6, 20123 Milan, argentovivo@argentovivo.it, which processes data in accordance with Regulation (EU) 2016/679 and Legislative Decree 196/2003, as amended by Legislative Decree 101/2018, in order to manage applications, accreditation, services and organisational communications, comply with legal obligations and protect its rights. The data are not disclosed to third parties for promotional purposes. The full privacy notice is attached to the documentation and is available in the Partner area of www.convegnostelline.it.

Emails about future events require optional consent, which does not derive from signing the Regulations and is not a condition of participation. The Partner and Guest Exhibitors who collect data, for example visitors' contact details, are responsible for the related compliance obligations.

Art. 19 – Operating instructions and contractual documents

The Organiser may issue relevant and proportionate operating instructions in writing, including at the request of the host institution or the authorities, with reasonable notice except in urgent cases. The instructions do not alter the fee or the essential services; any changes are governed by Arts. 4 and 13. The Partner forwards the instructions to the Guest Exhibitors.

The relationship is governed by the accepted application, the Regulations and any individual written agreements, which prevail for the matters specifically agreed. The invalidity of a clause does not invalidate the contract, subject to Art. 1419 of the Italian Civil Code. In any event, liability that cannot be excluded under Art. 1229 of the Italian Civil Code remains unaffected.

Art. 20 – Governing law and jurisdiction

Italian law applies. The Court of Milan has exclusive jurisdiction over any dispute relating to the contract, without prejudice to any mandatory rules on jurisdiction provided for by law.

Acceptance of the Regulations

The undersigned, in the name and on behalf of the party indicated, declares that they have read and accept the Bibliostar 2027 General Regulations, version of 2 November 2026, and the contractual documentation relating to their participation.
